Student Network/Internet User Agreement

Acceptable uses of technology are devoted to activities which support teaching and learning. The following is our agreement with K-5 students concerning the use of technology in the elementary school setting.

The K-5 students **WILL**:

- Use computer, technology equipment, and social media (Moodle, Edmoto, Google Docs) only when a teacher is present.
- Use the computer and Internet for school work only.
- Use only the programs and websites that the teacher has approved.
- Print only when the teacher has requested it.
- Obey the Copyright Laws.
- Tell the teacher if they read or see something on the computer that is inappropriate or makes them feel uncomfortable.

The K-5 students **WILL NOT**:

- Share their password with anyone and will not use another person's password.
- Damage or change settings on the hardware, software ,or the network.
- Give out personal information about themselves or anyone else over the Internet, i.e., full name, address, email address, phone number, photo, etc.
- Use the computer to be hurtful to others including name calling, threats, rude messages (cyberbullying).
- Search for, send, or display inappropriate messages or pictures.

Web Publishing
Student work may be considered for publication on the web, i.e., teacher or school website, District website, blog, wiki, etc. Such publishing requires parent/guardian permission.

Additionally, unidentified photos or videos of students may be published on school websites or blogs, illustrating student projects and achievements. If you do not want your child's photo to be published on any web location, please submit a FERPA letter to your building office.
